DIRECTIONS FOR USE:

- Open the trap and remove the protective foil from the adhesive surface.
- Take the attractant tablet out of the package and place it in the middle of the sticky surface.
- Close the trap at the top with the paper flaps.
- Place out the traps to the sites most frequented by cockroaches (under sinks and wash-basins, behind refrigerators, around dustbins and ovens, etc.). Do not expose the trap to heat and direct sunlight.
- Place out several traps to accomplish good results.
- Move the traps to other places if no catch occurs after 4 to 5 days. The area is free from cockroaches if none is caught after testing all possible sites.
- Replace full or damaged traps if cockroach control continues.

WARNING:

Keep out of the reach of children. Keep away from food. Do not touch the sticky surface of trap by hand! Wash hands after use.
